

LITTLE PROSPECT FOR ENCAMPMENT

North Carolina Companies Will Not Have Funds for Their Expenses.

[Special to The Times-Dispatch.] RALEIGH, N. C., May 29.—There seems to be very little prospect for an encampment of the companies composing the North Carolina National Guard at the Morehead encampment grounds this summer, owing to the heavy draft that must be made on available money to bring up the equipment of the guard to the regular army standard. There has been considerable doubt of the possibility of an encampment ever since the report of the inspector-general as to the equipment deficiencies of the various companies, fully \$30,000 worth of supplies of this kind being necessary if the guard is to be on a regular army basis by January, as required by the War Department regulations. Adjutant-General J. F. Armfield has gone to Washington to confer with authorities at the War Department as to the situation. He has very little hope of any arrangements being made that will admit of meeting the expense of an encampment this year. However, there will be the mobilization of the Corps of Coast Artillery at Fort Caswell for coast defense practice, as scheduled.

A very amateur attempt at safe-cracking was interrupted last night at a late hour by Maurice G. Gish, manager of the Guaranteed Clothing Company, of Fayetteville Street, when he walked in on a young negro busy at the safe with a small hammer and an old claw nail-puller. The negro rushed out bareheaded and got away. However, he had proved to be that of a young negro employed in the store as a porter. He had evidently secreted himself in the store before closing time in order to be locked in. He had gathered up a collection of furnishings, but left them in his hurry.

Change of Quarters.
In all probability Raleigh will not be the residence court for the judge of the Eastern District United States Court long after Judge Henry G. Connor is sworn in, and Wilson will have his home office. At present Wilson has neither a Federal court nor public building, but the appropriation for a government building with court equipment has already been made, and those in a position to know declare that territory can and will be set aside for a Wilson district court.

Governor Kitchin has issued a requisition on the Governor of Virginia for Ed. Green, wanted at Monroe to answer to the charge of picking pockets in September, 1905. He is now in jail at Petersburg.

United States Commissioner John Nichols has committed Navy Gaskel to jail, in default of bond to answer to the charge of stealing mail from the post-office at Redwood, Durham county.

Factory Destroyed.
FAYETTEVILLE, N. C., May 29.—The plow factory and foundry of Thos. Ward of this city, was destroyed by fire this afternoon. The factory has been established twenty years. The loss will be several thousand dollars.

Temperance Advocates Extol the Elixir of Life

Mr. and Mrs. Robert Craig, well known temperance advocates and prominent in the home life of Bristol, Tenn., write warm words of praise for Duffy's Pure Malt Whiskey, the world's greatest tonic and body builder. They recommend it to the old and young, as they believe, taken as prescribed, "it will prolong life eight to fifteen years."

MR. AND MRS. ROBERT CRAIG. EACH 74 YEARS OLD.

"My wife and I each are over 74 years of age and have been so much benefited by, and have such faith in, the uniform purity and valuable medical qualities of Duffy's Pure Malt Whiskey, that we send you this statement along with our photos.

"About eight years ago I had a disease of the heart, dropsy and catarrh. My physician cured the dropsy and helped the heart trouble greatly, then advised me to use pure whiskey in one tablespoon dose twice a day. We failed to obtain as pure whiskey anywhere to suit my case as Duffy's Pure Malt Whiskey, in which we have great confidence, and from our experience with it thus far believe, if used in small doses daily, it will prolong the life of old people eight to fifteen years by helping to keep the smallest blood vessels clearer of ossific deposits on their sides that prevent the free flow of blood to every part of the body. The deposits from smoke in a pipe will illustrate this theory in part.

"In Noah's time the people drank pure grape wine, used a simple diet, and lived to be very old.

"We are opposed to intemperance, and are in favor of such laws as will put intoxicating drinks out of the reach of those who damage themselves and others by such drinks, when they do not need them for medical use.

"Only such makers of honest reputation as Duffy should supply this country with pure malt whiskey for medical use only."—Mr. Robert Craig, Mrs. M. L. Craig, Bristol, Tenn.

Duffy's Pure Malt Whiskey is invaluable for overworked men, delicate women and sickly children. It strengthens and sustains the system, is a promoter of health and longevity, makes the old feel young and keeps the young strong.

CAUTION—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey, be sure you get the genuine. It's the only absolutely pure medicinal malt whiskey and is sold in sealed bottles only—never in bulk. Price \$1.00. Look for the trade-mark, the "Old Chemist," on the label and make sure the seal over the cork is unbroken. Write Medical Department, Duffy Malt Whiskey Co., Rochester, N. Y., for an illustrated medical booklet and free advice.
